Location

Our estate is located just 30 minutes from Jerez, a top-level tourist destination with a wide range of cultural, historical, and gastronomic offerings. Its monuments, museums, wineries, squares, and streets will allow you to experience Andalusian culture up close and discover its heritage. In addition, you can enjoy its festivals, concerts, and flamenco shows.

The area around Jerez de la Frontera is rich in culture and history. It is known for its sherry wine production and flamenco dancing. The city also has a famous horse breeding and training tradition, and hosts an annual international horse fair.

The province of Cadiz, where Jerez is located, is a coastal area with beautiful beaches and stunning landscapes. It is known for its fresh seafood and traditional dishes like fried fish and the rice dish, paella. The city of Cadiz itself is a historic port city with a rich maritime history and a lively atmosphere. Its old town is filled with narrow streets, plazas, and historic buildings.

The region is also home to several natural parks, including the Sierra de Grazalema Natural Park and the Doñana National Park, which is home to diverse wildlife and ecosystems.

Visitors to the area can also enjoy water sports such as surfing, windsurfing, and kiteboarding, as well as boat tours and fishing trips. There are also several golf courses in the area for those who enjoy the sport.

LA FUENSANTA

La Fuensanta

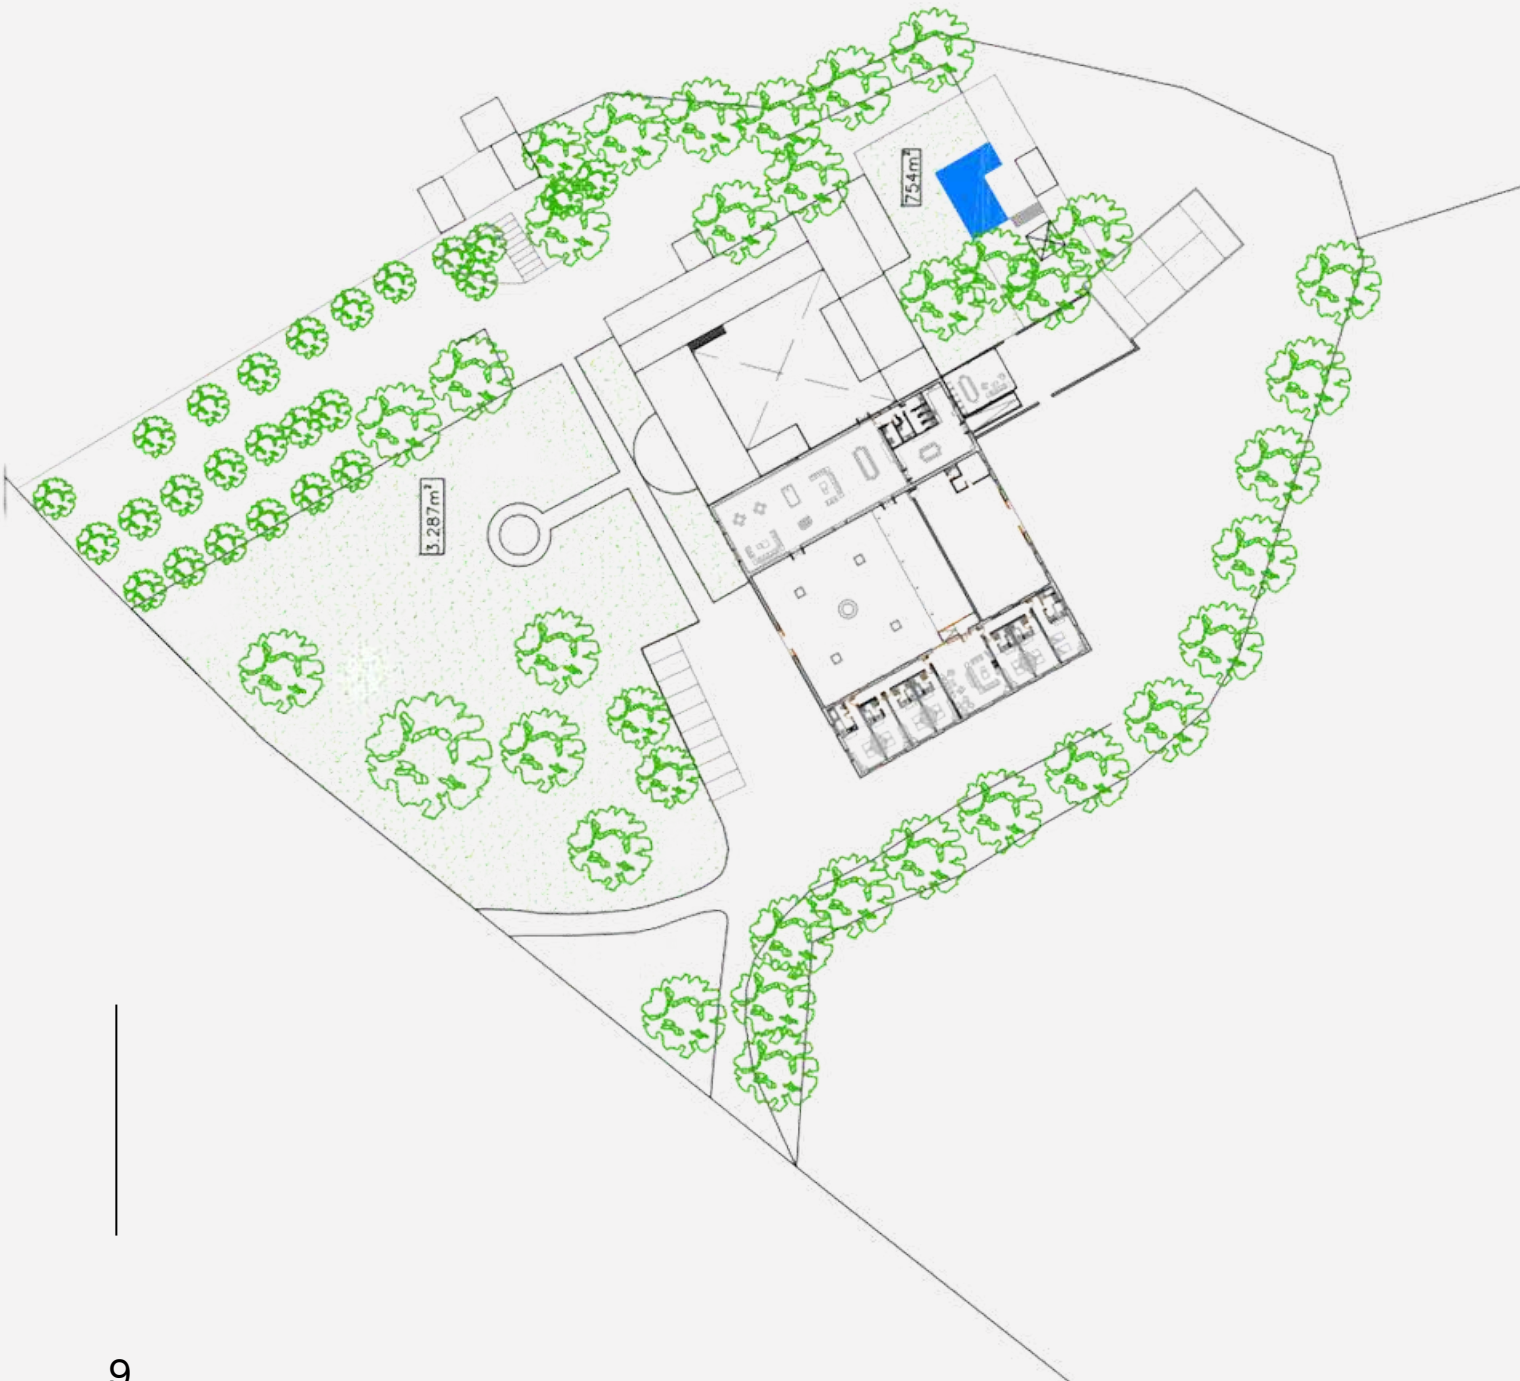

La Fuensanta is a traditional Andalusian farmhouse that has been owned by the Bohorquez family for several generations. Its name comes from the Fuensanta hermitage, which dates back to the 16th century and is located on its land. The hermitage was built on a spring of water to which beneficial effects were attributed. Currently, the land is used for the cultivation of cereals, sunflowers, and cotton.

Recently, the old agricultural sheds have been renovated to transform them into a luxurious rural house and a magnificent indoor hall with patios and gardens for hosting events and making your dream wedding come true.

Our estate is situated in a unique environment between Jerez de la Frontera and the Sierra de Grazalema, just 10 km from Arcos de la Frontera. It boasts large gardens, a spacious event hall, and a cozy rural house with seven bedrooms, each with an en suite bathroom, a living room, porch, and kitchen. The front garden covers an area of 3700m², the garden with a pool is 640m², and the Andalusian patio measures 370m². Come and stay with us for an unforgettable experience.
